Metrowest Behavioral Health Center (MBHC) in Acton, MA is the hub outpatient clinic of Justice Resource Institute (JRI) and an affiliate site of the internationally renowned Trauma Center at JRI. MBHC provides an array of innovative and evidence-based outpatient mental health services to clients of all ages. Specialty services offered at MBHC include the following: Trauma Specialty Treatment, Comprehensive Trauma Assessment, Child & Family Therapies, Attachment-Focused Treatment, Attention and Learning Disorder Evaluations and Treatment, and Asperger’s Disorder/Nonverbal Learning Disability Treatment & Social Skills Training.

MBHC is offering two tracks of fellowships for 2015-2017:

**Track 1: Full-time, Joint MBHC-Pelham Academy at JRI Fellowship**

MBHC is accepting applications for a 2-year full-time Postdoctoral Fellowship (start date on or before 9/1/15). The fellow in this track will be funded 20 hours/week. This fellow will spend 2.5 days (20 hours) per week working in a partner residential program administered by the Justice Resource Institute (Pelham Academy), with emphasis on provision of clinical care in a residential treatment setting to adolescents with a history of exposure to complex traumatic stress. In this setting, the fellow will function as part of a multi-disciplinary team, and will have additional opportunities for trauma-informed psychological evaluation, intensive clinical treatment, group treatment, and cross-disciplinary collaboration.

The remainder of the fellow's time (2.5 days/week) will involve clinical assessment and treatment in the outpatient clinic of MBHC, as well as an array of training experiences. A minimum of 16 hours of direct clinical service is required per week, reimbursed on a fully fee-for-service basis. The clinician will receive outstanding supervision, ongoing clinical training (including training through the Trauma Center at JRI), and competitive compensation. While applicants may see all ages of clients, the successful applicant will have significant experience with child/adolescent and family therapy.

The fellowship position is funded at a $45,000 FTE in the first year, with full-time benefits. Fellows are salaried for 20 hours/week (i.e., $22,500). The remaining time will be funded via fee-for-service clinical assignments, including therapy and evaluation sessions; fellows may anticipate approximately $10-12,000 FFS income during their first year, with increased fees typical during the second year. Fellows receive a salary increase in the second year of the position.

**Track 2: Part- and Full-time MBHC Outpatient Clinical Services Fellowship**

MBHC is also accepting applications for a 2-year Postdoctoral Fellowship (start date on or before 9/1/15). The clinician will receive outstanding supervision, ongoing clinical training (including training through the Trauma Center at JRI), and competitive compensation. A minimum of 16 hours of direct clinical service is required per week, reimbursed on a fully fee-for-service basis. Part-and full-time options are available; the position qualifies for benefits. Clinicians must be available to see clients between the hours of 2pm-8pm three days per week and must be available to attend our weekly team and didactic training series on Fridays from 10-12. Hiring priorities will be based on
Interested applicants should send a letter of interest, resume/CV, 3 letters of recommendation, and a transcript (unofficial is acceptable) to Dr. Marla Zucker, Program Director at Metrowest Behavioral Health Center at the address below, or by email at: mzucker@jri.org. Please be sure to indicate the track or tracks for which you are applying. Applications are due by March 6, 2015. Interviews will be held on March 20, 2015. For more information about the Center, please visit our website at jri.org (search for Metrowest Behavioral Health Center) and traumacenter.org.

JRI is an equal opportunity employer and actively seeks candidates from diverse backgrounds including women, communities of color, the LGBT community and people with disabilities.
